DETAILED ACTION

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - Claims 1-7 and 9, drawn to a method of forming a semiconductor device, classified in class 438, subclass 399.
 - II. Claim 8, drawn to a device product, classified in class 257, subclass 306.
- 2. Inventions II and II are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the product of Group II can be made by another and materially different process that does not include the steps of forming a first insulation film on the plug and then forming a hole leading to the plug in the first insulation film such that an upper surface of the plug is exposed.
